📍 Yangon, Myanmar | Remote

SUMMARY

Front-End Developer with experience in HTML5, CSS3, Next.js, and SvelteKit, specializing in responsive web applications. Strong collaborator with UI/UX and backend teams, possessing solid problem-solving skills and the ability to quickly learn and adapt to new technologies. Motivated to contribute to team success by delivering high-quality web solutions.

WORK EXPERIENCES

Front-End Developer | Thibi.co (Remote)

Mar 2024 – Feb 2026

- Developed responsive scrollytelling and data visualization websites using HTML5, CSS3, and JavaScript frameworks (SvelteKit and Next.js).
- Collaborated closely with UI/UX designers to translate visual concepts into functional and dynamic web pages, ensuring alignment with brand standards and user expectations.
- Optimized website performance through code refactoring and frontend best practices.
- Proven ability to work effectively under tight deadlines in a fast-paced environment.

SELECTED WORK PROJECTS

Can carbon capture help Asia reach its climate goals?

- Built responsive scrollytelling layouts using SvelteKit
- Implemented interactive storytelling components and optimized scroll performance

How can LNG imports affect electricity prices in the Philippines?

- Scrollytelling website using SvelteKit and D3

Just Energy Transition Policy Toolkit

- Developed data-driven UI components
- Collaborated with designers and backend teams to integrate dynamic content

Junior Front-End Developer | Nexstack Pte Ltd (Remote)

Mar 2022 – Sep 2023

- Contributed to the development of responsive web applications using HTML5, CSS3, and Next.js.
- Implemented new features and functionality for CRM and sales portal websites using Next.js, Strapi CMS, and CSS-in-JS (@emotion/react) for styling.
- Integrated REST and GraphQL APIs into web applications; tested REST endpoints using Postman and explored GraphQL APIs via GraphQL Playground.
- Collaborated with UI/UX designers, backend developers, and QA teams to translate designs into functional web applications and enhance overall website functionality.
- Participated in Agile development practices, contributing to timely and efficient project delivery.
